Future of Your Child and Jyotish

The moment a parent holds his or her child for the first time is one of the most precious and cherished moments of life. The child is the supreme creator's gift to the entire family the world to keep the life-cycle running.

Because the family's future is dependent on the child, that's why it's natural for the parents to be curious to learn the future of the child, and what role they can play to make it brighter, so that the child is an asset to the family and the country.

Vedic astrology gives you a glimpse of the natural inclinations, skills, qualities negative attributes, etc., of the child. This will help the guardians understand what guidance and facilities they must provide the child to help him or her achieve the best.

This report has a detailed analysis of your child's kundali through which you can find out what opportunities and threats your child will face till he grows up.

Ascendant, Rashi etc..

Impact of the Ascendant on Your Child

The ascendant of your child is Gemini. Mercury is the lord of Gemini sign. You can chant the mantra of Mercury for physical and mental development of the child. The mantra of Mercury is: "Om Bum Budhaya Namah" Apart from this mantra, you can also chant the mantra of lord Ganesha("Om Gam Ganpataye Namah". You can chant any of these mantras in the morning or evening. You should chant the mantra 108 times everyday.

Impact of the Rashi on Your Child

Your child is born in Leo sign. The child will be of average height and heavy physique with broad shoulders. He will be strong and courageous. He will like doing adventurous activities. He will have good leadership qualities and will like to maintain his dominance.

The child will be ambitious and he will have the zeal to move ahead. He will utilise his power properly. His influential personality will attract people towards him. He will be of independent ideas and will not like anybody's interference in his work. He may lack patience and will perform any task hastily. Whatever he thinks, he will tell it clearly and frankly.

Your child may sometimes be dogmatic in his behaviour and it will not be easy to conciliate him. You should teach him to be co-operative. He may also be short-tempered which needs to be kept under control. This child of yours will be faithful and forgiving.

Your child will progress more than his father and will earn fame in his field. His likings and living styles will be of high standard. Your child will like travelling on hills and between natural sceneries but may feel uneasy at cold places. Though he will be in company of decent people, friendship with some wrong people may get him some bad addictions. Be careful about this.

Impact of Day of Birth on Your Child

Your child is born on Saturday. He may face health problems during his childhood, therefore, you will have to take care of his health. Your child will like to travel and he may sometimes travel unnecessarily. He may wish to earn more and more wealth and other things. If he will not try to change this behavior, he may become greedy.
